GLEE CLUB SECOND IN N. E. CONTEST

CHAMPIONSHIP QUINTET DEFEATS ST. MICHAELS IN LAST CONTEST OF YEAR

Comes From Behind to Win 36-35 Victory in Exciting Game.

JOHNSON BRILLIANT IN UPHILL BATTLE

Blue Wins Out in Overtime as Regulation Game Ends in Tie.

By WARD S. YUNKER

In as thrilling a battle as was ever staged on the Winooski Park basketball court, Middlebury's State Champions nosed out St. Michael's 36 to 35 last Friday night. The Purple team was at its best and the Panther was forced to fight his hardest in order to come from behind to knot the count at 32 to 32 at the end of the regulation 40 minutes. The five minute overtime period to decide the fate of the Blue and White's unbroken string of state victories was packed with thrills. The Michaelmen tried hard, but the Panther was not to be denied and clawed his way to victory by the slim margin of one point.

Middlebury was forced to the limit and at times looked as though they would be beaten, but when things looked darkest, the boys put just a bit more fight into the game and pulled it out of the fire. This ability to come back after being apparently beaten stamps the 1928-1929 Blue aggregation as one of the outstanding teams in New England and certainly the best five in Middlebury history.

Johnson and Casey combined to form the most brilliant pair of stars in an exceedingly bright constellation. It was Johnson with a great scoring streak that enabled Middlebury to tie the score in the second half after trailing 23 to 13 and Casey dropped in the basket which spelled victory in the overtime session. The flashy Panther guard's double decker brought gloom to the partisan crowd as in the few seconds which remained, the Mike-men were only able to register one point on a foul shot by Connolly.

First Half.

The crowd was thrown into an uproar at the very start of the game as Slattery, O'Brien and Cashman ran up 7 points to a meager basket by Johnson. The game was fast and furious with both teams playing rugged ball. Middlebury missed a few shots and St. Michael's increased their lead. Connolly, the Purple's center, was playing the greatest game of his career. Play commenced to slow up a bit. Sorensen was taken out of the Middlebury lineup and Bullukian took his place. The diminutive Panther forward starting right off with a bang and things speeded up again, but the Mike-men matched point for point and held on to their lead so that the end of the half found them on the long end of a 17 to 13 score.

The Panther's Rally.

Slattery opened the second half with a neat long shot which was followed by baskets by O'Brien and Cashman. The crowd howled in glee as the Purple's lead increased to ten points. With the score 23 to 13 against them, the Middlebury team called time out to talk things over. As events developed this time out was the turning point of the contest.

Play became furious as the Panther team opened up in an attempt to close the gap. Johnson dropped in a pretty one handed toss from the side which was the opening shot in as brilliant

IMPORTANCE OF BEING ERNEST TO SHOW TWO EVENINGS THIS WEEK

Three Act Comedy by Oscar Wilde is Change from Modern Farce.

"The Importance of Being Ernest", a three act comedy by Oscar Wilde will be presented at the Playhouse this evening and tomorrow evening by the Play Production Group.

In this play, one of the very best examples of high comedy, we find Oscar Wilde in his most sparkling dialogue. The production offers a change from the modern American farce and is a splendid opportunity to enjoy his subtle humor.

The play deals with two young men, Algy and Jack, who have fallen in love, and are finding, much to their amazement, the importance of the name Ernest in the success of their love affairs. A christening, an antiquated love affair, and an explanation of the term "Bunburying" bring many entertaining situations.

The cast of the play is as follows:

Algermon Moncrieff.....Raymond Bosworth '29
John Worthing.....Laurence Wilson '30
Lady Bracknell.....Marian Cruikshank '30
Gwendoline Fairfax.....Doris Collins '29
Cecily Cardew.....Mary-Alice Drake '29
Miss Prism.....Elizabeth McDermott '29
Rev. Canon Chasuble.....Freddie Lynch '29
Lane.....Arthur Pierce '30
Merriman.....Elbert Henry '30

Alumni in Cast of Adam's Apple.

Three Middlebury alumni are taking parts in the play, "Adam's Apple," which is being presented Friday evening in the town hall by the Middlebury Women's Club.

Mrs. L. J. Hathaway '26, B. S. Stewart '11 and Mrs. E. J. Wiley '13 are included in the cast and J. F. Haller of the Chemistry department is playing one of the leading men's roles.

Some of the track men have started preliminary workouts. It is expected that regular practice will begin next week.

SPANISH CARNIVAL CANCELLED.

The Spanish Club regrets to announce that it has been found necessary to cancel the Spanish Carnival which was to have been held at the gymnasium, Saturday evening of this week. Circumstances have arisen which make it impossible to run the dance.

R. F. BOSWORTH AND HELEN WALTER WIN DUTTON FELLOWSHIPS

Miss Walter to Study in Paris; Mr. Bosworth in England.

Helen R. Walter of Milford, New Hampshire, and Raymond F. Bosworth of West Haven, Connecticut, have been awarded the Dutton Fellowships for the year 1928-29, according to an announcement made to the student body last week by President Paul D. Moody.

The Dutton Fellowships, established in 1926 by the Honorable Redfield Proctor, to provide \$1,000 each are awarded to one man and one woman in the graduating class, whose excellence of record evidences fitness for graduate work. If this graduate work is continued abroad, an additional \$500 is provided by the donor. These fellowships are awarded in somewhat the same manner as the Rhodes Scholarships, high standing being considered in connection with college leadership and interest in out-door sports and life. It is understood that this year of graduate work shall not be toward a professional career, such as Law, Medicine or Theology, nor continued at Middlebury.

Both Miss Walter and Mr. Bosworth are outstanding in campus affairs. They have been active in dramatic work since their freshman year and are members of "Wig and Pen", honorary dramatic society.

Miss Walter has been prominent in language circles, being a member of French and Spanish Clubs and the recipient of the Kellogg Latin Prize her sophomore year. She is a member of Delta Delta Delta sorority.

SEA DEVIL COMES HERE MAR. 20 WITH THRILLING STORIES

Count Von Luckner Wins Highest Decorations For War Service.

Because of the very fine humanitarian motives that actuated his highly colorful career as a sea raider during the war, Count Felix von Luckner who is to speak here in English on the evening of March 20 at the Congregational church emerges from the world conflict as one of its best known and most beloved heroes.

Count von Luckner was the mysterious "Sea Devil" who brought terror to the hearts of allied merchantmen in the South Seas during 1917-18. The Count was in command of the were taken from them and the vessels that captured and sank seventeen ships of the Allies.

These boats were captured, the crews were taken from them and the vessels were sunk, without injury—in even the slightest degree—to any of the hundreds of prisoners taken.

Vague, strange stories were spread around about this modern Captain Kidd during the last years of the war. He became a romantic buccaneer, a fabled hero of the South Seas and many stories were told of his dashing boldness and also his great kindness of heart. With the close of the war came the facts—and the truth is stranger and even more thrilling than the fictional sea stories of olden times.

On his arrival in New York some months ago, he was greeted by three

RAYMOND F. BOSWORTH '29

MIDDLEBURY TEAM WINS FROM U. V. M. IN ANNUAL DEBATE

Raymond Saulnier '29 Takes First Lawrence Prize.

Last evening in Mead Memorial Chapel, Middlebury won from a strong Vermont team in the first debate of the state series. Raymond Saulnier '29, was awarded the first Lawrence Prize for the best speaker in the debate, Sears and Lisman of Vermont tied for second. President Moody presided over the meeting. Mr. Butterfield, Superintendent of Schools in Middlebury, Judge Sturtevant and Rev. Gould were the judges. Sam W. Pattee '29, Raymond Saulnier '29, and Reamer Kline '32, represented Middlebury. George Nelson, Louis Lisman and Franklin Sears were the Vermont representatives. The question was, Resolved: That, the American jury system should be abolished.

Pattee, the first speaker for the affirmative, introduced the question with a few words on the history of the jury and pointed out that the debate was to be on the jury system in its entirety, rather than on the jury alone. He advanced the contention that the jury system contained certain social evils which were inherent in it and could not be done away with except by abolition of the system. These were: 1. The jury has outgrown its original purpose. The tyranny which called the jury into being no longer exists and no longer necessitates the protection of the people. 2. The technical conduct of modern jury trial renders the jury incapable of giving justice. 3. Congestion in the courts is ascribable in large measure to the jury system, and 4. The present crime wave can be laid in part to the jury, because of the delays in rendering decisions. Deterred punishment, it has been shown, is less effective than immediate punishment. Consequently the criminal does not fear the jury.

George Nelson, of the negative, then pointed out the necessity of the jury.

Baseballers Begin Work In Gymnasium Tomorrow

Coach Harvey Hessler issued a call for battery candidates, for the 1929 baseball team, to report for the first workout in the gymnasium tomorrow afternoon. The hurling staff will be built around the veterans R. Cook and A. Hingston. Capt. Willis will be in his fourth year behind the bat for the Panther nine.

Eleven Leading Colleges and Universities Compete for Prize.

CLUB GIVES FIVE CONCERTS ON TRIP

Men Leave Tuesday for Third and Last Concert Tour of Season.

Competing with ten strong New England glee clubs for the championship of the district, the Middlebury College Glee Club bowed only to the famed Wesleyan aggregation last Friday evening in Symphony Hall, Boston, Wesleyan, Middlebury and Amherst each had one leg on the cup offered by the University Club of Boston for the college glee club which should be twice awarded the decision of winner by the judges. This fact made the competition especially keen for all concerned. Middlebury's three songs were "My Bonny Lass," Morley, as choice song; "Songs My Mother Taught Me," Dvorak, as prize song; and "Gamaliel Painter's Cane," Wiley, as college song.

Each of the three judges, as in past years, made a separate score the results being added at the close of the contest. The names of the colleges did not appear on the charts used by the judges, so they did their scoring without knowing to which club they were listening. Tone, enunciation, ensemble interpretation and pitch were the points of consideration. The judges were the Messrs. George W. Chadwick, George S. Dunham, and William C. Hammond.

Middlebury again won outstanding recognition as was shown in the applause accorded James C. Thomson '29, violin soloist of the contest. Mr. Thomson, after a group of three compositions was insistently called back to the stage for an encore. Prof. H. G. Owen, conductor of the club, accompanied.

The club left Middlebury Monday evening, February 25, previous to the contest. Its first appearance was in the auditorium of the high school at Attleboro, Mass. A large audience was present and dancing was enjoyed after the performance.

The club appeared at the Stoneham Theatre, Stoneham, Wednesday evening, where the concert was sponsored by the Rotary Club of the town. Thursday evening the club sang in the High School Auditorium at Hingham. A dance was held in the gymnasium following this concert.

The club appeared in joint concert with the Women's Glee Club of 115 voices at Simmons College Saturday evening. Middlebury sang three groups and Simmons offered two. The women's club was under the direction of David Blair McCloskey. Following the joint concert an enjoyable dance was held in the Refectory.

Middlebury men making the trip were: C. W. Allen, E. R. Allen, Amerman, Barker, Bates, Berry, Chatterton, Ciavarra, Clafin, Davenport, W. E. Davis, Doty, DuBois, Falby, Fear, Hartwell, Heney, Hinman, Locke, March, Nelson, Newcomb, Reed, Ringo, Sanzo, Schmidt, Sniffen, Stearns, Taylor, Waite, Webber and Witherell.

The Glee Club leaves on its final and most extensive tour of the season next Tuesday, March 12. The trip includes concerts at Bridgeport, Conn., Jenkintown, Pa., Montclair, N. J., and other cities.

The Kaleidoscope has just approved a cover design that is being used for the first time in the East.

Vol. XXV.

March 6, 1929

No. 20

"A hearty kick in the pants" was given by a successful business man as the cause of his phenomenal rise to eminence. Some of the marks received last month were in the nature of similar boosts. Crabbing about a low mark doesn't hurt the professor at all and the same energy and spirit put into studying will cause a "phenomenal rise in marks."

We have looked all through the *Campus* barrel of old editorials but we can't seem to find that one about conduct in chapel. As we remember, it said something about the student body making too much noise. That is no more correct than to say that the student body was as quiet as a mouse. Some individuals were noisy and some were quiet. The individual noise-maker is the one toward which that oft-repeated editorial was directed. Let him beware or we'll find that sermon yet—even if we have to hunt for it in the files of the *Undergraduate*.

And then there must have been a few chosen words in some past issue to the effect that classes leave chapel in order of seniority. Professors of eight o'clock classes have not reported a long line of underclassmen waiting at the classroom door five or ten minutes before the first bell and we see no reason why professors of 10:30 classes should be so bothered either.

It has been a long time since Middlebury has had the state basketball championship but it hasn't been 12 years as the *Vermont Cynic* states or even 10 years as the *Campus* had it last week. Basketball was for first recognized as a varsity sport at Middlebury in 1918 when Middlebury won six out of six games played, two from each of the other Vermont colleges. In 1919 she was not so successful, winning only one game apiece from Vermont and Norwich. She again captured the title in 1920 when the Blue and White was victorious in five out of thirteen games, some of which were with outside teams.

But the length of time between victories is no indication of the honor accruing to the winner and so Middlebury takes pride in again having the state championship in basketball.

Really we wish that something could be done about that walk from Storrs Avenue to College street. One day it's a first class skating rink, the next a swimming pool, then a muddy rut; in the spring it varies from furnishing models of assorted volcanic craters to the Rocky Mountains in miniature. The contrast between it and the well-drained or concrete walks of the main campus only make matters worse as many a student who has ventured east of Storrs Avenue without his galoshes can testify.

The Alma Mater contest has lived up to its name with fifteen contributors contending for the cup. We thank you.

Congratulations, Glee Club!

When we have Sunday Chapel speakers like C. Leslie Glenn the problem of compulsory attendance disappears almost entirely.

KAPPA KAPPA GAMMA AND BETA PSI HAVE HIGHEST AVERAGES

Alpha Xi Delta and Chi Psi Rank Second for Past Semester.

Kappa Kappa Gamma and Beta Psi lead the sororities and fraternities in scholastic standing for the first semester of 1928-29 with respective averages of 84.62 and 81.72.

The rating of the various fraternities are given below. Freshmen have been rated separately instead of being included in the nonfraternity groups as heretofore. All freshmen except campus sophomores are included as "non fraternity freshmen."

WOMEN.

Position	Name of Sorority	Average per cent
1st	Kappa Kappa Gamma	84.62
2nd	Alpha Xi Delta	84.37
3rd	Delta Delta Delta	83.66
	Total Sorority Average	83.48
	Total Sorority Average Last Year	83.85
4th	Pyramid Club	83.43
	Total college average	83.24
	Total college average last year	83.05
5th	Non-sorority Freshman Women	83.18
6th	Phi Mu	83.17
7th	Pi Beta Phi	82.54
8th	Non-sorority upper class Women	81.72
9th	Sigma Kappa	81.36
	Number of women in sororities	51 per cent.

MEN.

Position	Name of Fraternity	Average Per Cent
1st	Beta Psi	81.72
2nd	Chi Psi	81.46
3rd	Non-fraternity upper classmen	80.22
4th	Delta Upsilon	80.04
5th	Beta Kappa	79.86
6th	Kappa Delta Rho	79.30
	Total fraternity average	78.59
	Total fraternity average Last Year	77.05
	Total college average	78.05
	Total college average last year	76.67
7th	Sigma Phi Epsilon	76.69
8th	Non-fraternity Freshmen	75.95
9th	Delta Kappa Epsilon	75.05
10th	Alpha Sigma Phi	75.10
	Number of men in fraternities	55 per cent.

Alpha Xi Delta Holds Initiation and Banquet

Alpha Xi Delta initiated eleven pledges Saturday afternoon, March 2. The initiates are Hazel I. Downing '30, of Washington, Vt., Nathalie H. Lewis '31, Springfield, Mass., Anna M. Coleman, Pittsfield, Mass., Josephine P. Saunders, Westfield, Mass., Evelyn M. Clement, Nashua, N. H., Elsa M. Smith, Windsor, Conn., Ruth W. Stebbins, Colchester, Conn., Elsie M. Waterman, Barre Vt., Ada G. H. Haley, Cuttingsville, Vt., Ella M. Congdon, Clarendon, Vt., and Katherine E. Gates, Morrisville, Vt., all of the class of '32.

The formal initiation banquet was held in the evening at the Middlebury Inn. Frances Spear '29 was toastmistress. Toasts were given by Sylvia Westin '29, Louise Drowne '30, Lillian Becker '31, Katherine Gates '32, and Margaret Durick, representative from Upsilon chapter at the University of Vermont. In addition to these, impromptu speeches were given by Mrs. R. H. White '28, Miss Marion L. Young, Muriel J. Harris '29, Helena A. Dundas '31, and Josephine P. Saunders '32. Elsie M. Hill '30 sang the Alpha Xi Delta Serenade. Mrs. Stanley Rose, alumna of Upsilon chapter, and Mrs. R. L. Barney, patroness, were guests.

KAPPA DELTA RHO HOLDS HOUSE PARTY

A very successful house party was held at the Kappa Delta Rho house Saturday evening. Cal Affleck and his Blue Baboons provided music which was hugely enjoyed by the eighteen couples present. The chaperones were Prof. and Mrs. Fife, Prof. and Mrs. Cady, Mrs. Mason and Mrs. Cutting.

WAMBA SAYS

Never lose your sense of humor. (Apologies to Rev. Glenn).

Second place is not all that the Glee Club brought back from Boston.

With no athletic contests between now and later the greatest excitement will be watching the snow disappear and anticipating vacation.

The play tonight promises to be a wow.

The debating team has a strong line, but little can be said about their backs, they keep them so well covered.

A pun is the lowest form of humor, said Aneasthetic or someone like that, but who cares about hi-hat humor.

Noticed the Frosh footballer's being photographed the other day, wonder if that is for a picture for approval of numeral winners. Haven't seen any 1932's being worn as yet.

The Red Caps are not confined wholly to railroad terminals. The frosh basketball team (women) have adopted the idea. Maybe it's because they play as if carrying suitcases.

This column ain't so much fun (ain't is an authorized word in Illinois) when one writes it. Next week will be reader's week. The best column submitted for next week's issue will be published. Contributions must be signed, at least with initials and numerals.

BUSINESS LEADERS INTERVIEW SENIORS

Many Come Under Auspices of Vocational Committee.

Mr. James M. Henderson representing the department of educational and vocational guidance of the University Club of Boston, spoke Wednesday evening on the subject of "Business Openings for College Graduates" before an interested gathering of seniors in the Chemistry lecture room. His discussion was featured by a blackboard talk on the subject, and he also displayed several charts showing the set up of typical present day business organizations.

The University Club conducts a bureau which assists college seniors and recent graduates in finding openings in business. On April 1 and 2 there will be held at the Club a conference to which college seniors from New England colleges will be invited. Executives representing various business enterprises employing college graduates will also be present and give short talks.

Last Saturday representatives of the New England and New York divisions of the Bell Telephone interests were in Middlebury for the purpose of offering positions to a limited number of the graduating class. Mr. Gordon E. Wiley '23 who at present is with the New York Telephone Company was here both Friday and Saturday for the purpose of interviewing seniors interested in the field of telephone work.

According to information supplied by Mr. Edgar J. Wiley, Mr. John E. Foster of the personnel department of the W. T. Grant Company, which operates a large chain of department stores selling goods at prices ranging from 25c to \$1.00, plans to be in Middlebury today to interview interested students.

Wednesday March 12 at 4:30 P. M. there will be a talk by Mr. L. G. Treadway, head of the Treadway system of "Real New England Inns", on the subject, "The Hotel Business as a Field for College Men". Mr. Treadway comes through the auspices of the Undergraduate Committee on Vocational Guidance. One of the Treadway chain is the Middlebury Inn, and so there is more than usual interest connected with Mr. Treadway's visit. Mr. Wiley states that Mr. Treadway comes with very high recommendations as a leader in his field, and one well qualified to consider with college graduates the subject of openings in the hotel business.

CALENDAR

Advance notices of College activities signed by one authorized and left in The Campus Office by 1 o'clock Tuesday afternoon will be printed in the week's calendar.

Wednesday—

8:00 p. m. Dramatic Club Play, "The Importance of Being Earnest" at the Playhouse.

Thursday—

4:30 p. m. Meeting of entire CAMPUS Board, Old Chapel. Orchestra Rehearsal at the Music Studio.

8:00 p. m. Second Performance of "The Importance of Being Earnest" at the Playhouse.

Saturday—

7:30 p. m. D. U. House Party.

Sunday—

5:00 p. m. Musical Program at Vespers in Mead Chapel.

Tuesday—

4:30 p. m. Orchestra Rehearsal at Music Studio.

WHISPERS OF LIFE VESPER TOPIC OF REV. LESLIE GLENN

A Purpose in Life Provides the Difference Between Living and Existing.

Reverend C. Leslie Glenn spoke at Vespers Sunday afternoon on "The Whispering Campaign against God."

Rev. Glenn said in part: "In the last political campaign, a 'whispering campaign' was conducted. A whisper is a half truth, or an untruth, indirectly told, meant to sway men's lives, an indirect suggestion meant to move people, in spite of the direct statement made to the opposite.

"Our campaign in life is happiness, and all that makes life worth living. But the thing that shifts our plans, and inhibits us, that cramps life, are the whispers of temptation, of adversaries, of defeat. There are two forces which sway us, and one is that there is no difference between existing and living—that it doesn't matter—that not every one can be happy.

"After giving a man food, life, and clothing, there is nothing more the world can give. We must believe that we can give more than existence—that we can give to rich and poor alike a purpose for which to live.

"The war was the one thing that lifted men out of themselves. It was more important than any personal concern. In the war, no one was sure of anything, except that there was a purpose worth the gift of a life. Today, most people don't know that there is a purpose in life, that a war is being waged against purposelessness, suffering—against everything that makes life unhappy. We can never help other people unless we see this purpose ourselves.

"We find it hard to understand what Jesus said many years ago. 'Be of good cheer, for I have overcome the world.' But a few years ago, a young man said 'Never lose your sense of humor, never forget that God, who is perfect in all things, must be perfect in humor.' He had found God in humor.

"When men find that there is something different in life—different from mere existence—their lives are lifted into a sphere of noble adventure. Men can then give their lives to that adventure.

"The other whisper is that men don't change. We must believe that they do change. We must not, like Nicodemus, refuse to see how a man can be born again. We must believe it is possible for men to change, to become more as they want to be—that it is possible for men, by the grace of God to grow.

"In the Bible, it says, 'Fear not, only believe.' Belief is the force opposed to fear, but the word 'only' marks the whole gospel. Therefore, 'Fear not, only believe.'"

Alpha Sigma Phi Informal.

Alpha Sigma Phi enjoyed a small informal dance at their house last Saturday evening. Most of the fraternity attended. Gorham and his syncopators furnished the harmony.

Mr. and Mrs. E. J. Wiley and Prof. and Mrs. V. C. Harrington chaperoned the party.

JUNIOR WEEK PLANS PROMISE WELL SAY COMMITTEE MEMBERS

Festivities Begin May Ninth
and Contine Through
Eleventh.

BRIDGE AND DANCE TO BE INNOVATION

Attractive Program Being
Planned for Saturday
Morning.

Valmer J. Goltry, Chairman of Junior Week activities, announced yesterday that plans are now well under way for one of the best Junior weeks ever held in Middlebury. He stated that at a meeting of the various committee chairmen held last week, he found them to be working on several extraordinary innovations which are to be included in the usual schedule of events. Junior Week will be ushered in at the closing of classes on Thursday, May 9th, and will last through Saturday evening.

According to the athletic schedules prepared, the Physical Education Department will cooperate with the Junior Week Committees and will foster two baseball games, a track meet, and a tennis match. In the daily activities, there is also included the interfraternity stunts, the Frosh-Soph rope pulling contest and a Tea dance to be held after the baseball game. During the evening, there are to be two performances of the Junior Play, the Junior Promenade and a Bridge and Dance.

No doubt, the most outstanding social function of the week and of the year is the Junior Prom. In past years, the Prom has been one of the most important and best enjoyed of all dances. Ralph Johnson, Chairman of the Prom committee, reports that his committee has a number of well-known orchestras in view and that a selection will be made before the Easter recess. He has made very assuring statements that their selection will result in the engaging of an orchestra of no little reputation and ability. The tickets for the Promenade are not to be on sale until two weeks before the event.

The Junior play is to be presented two separate nights, probably Wednesday and Saturday. The Wednesday evening performance is expected to take care of most of the students and the Saturday evening's performance is for the families and guests of the students. No choice has been made as to the play to be presented but it is expected that a mystery play will be given in preference to any of the other types. The cast for the play will be chosen before Easter recess, giving them plenty of time for rehearsal. Laurence Wilson is in charge of the play and will work in conjunction with Prof. Goodreds.

The Class of 1930 is to hold a Bridge and Dance at the Middlebury Inn, on Thursday evening. This social function is the first of its kind to be held in connection with Junior Week and it is expected to meet the approval of many. An entertainment is to be given during the course of the evening together with the dancing and bridge. As the Class of 1928 instituted the Tea Dance, the Class of 1930 wishes to institute the Bridge and Dance.

Besides the Bridge and Dance at the Inn, the Committee Chairmen are planning an attractive program for Saturday morning. No information can be obtained as to the morning's activities, the only statement given being "something big is to take place". Due to the mysterious attitude of this in charge, it appears as though they have something extraordinary in store for everyone.

As the gala week opens, the Vermont baseball team will invade Porter Field in an effort to duplicate her feat of defeating the Middlebury nine. After the contest, a Tea Dance will be held in the McCullough Gymnasium. The Class of 1928 innovated the dance and last year's dance was even better than the original. Miss Rose, who is in charge, announces that a very good orchestra will provide the music but that details are not at hand as yet.

Friday afternoon, the Middlebury

WOMEN TO DEBATE ON JURY QUESTION

Samuel Pattee '29 and Elizabeth McDermott '29, managers of debating called a meeting Wednesday afternoon of all women interested in the topic, "Resolved: That the American Jury System be abolished." Middlebury will uphold the affirmative of this question in their first debate of the season against the women's team of Boston University, to be held in Middlebury, March 23.

The topic was discussed informally at a meeting Monday afternoon at 3:30 in Old Chapel. Tryouts will be held in the near future from which the team will be selected. Women interested in trying out are urged to attend the next meeting, an announcement of which will be made soon.

VARSITY ORATORS BREAK EVEN WITH NEW YORK TEAMS

Middlebury Debaters Lose to
Upsala and New York
University.

DEFEAT RUTGERS AND ALBANY LAW SCHOOL

Blue and White Takes Both
Sides of Jury
Question.

Victories over Albany Law and Rutgers and defeats by Upsala and New York University were the results of the Varsity Debating Team's trip to New York and New Jersey during the last week in February. At Albany Law School the Middlebury team upheld the negative of the question, "Resolved, That the American Jury System should be Abolished," and at the other three meetings upheld the affirmative.

The first meeting was with Albany Law School. Wednesday night, February 20. They asserted that the American jury system was obsolete, returned faulty judgments, and was wasteful of time and money and should therefore be abolished. While their argument as a whole was very strong they failed to show how the jurors were incapable of rendering fair judgments and also failed to offer a good substitute for the jury system which would do better as well as meet with the acceptance of the people. It was on the failure to establish these issues, and the success of the Middlebury team in showing that we are willing to pay anything for justice, as long as we get true justice, that the Blue and White came out victorious. Middlebury's contentions were upheld by Arthur Lawson, '30, Richard Amerman '31 and Sam W. Pattee, '29. The Albany Law team was made up of Lester Mosher, Gerald Pliskin, and Nathan Newburger.

Thursday night Middlebury met Rutgers in a local high school upholding the other side of the same question. Amerman lead off by pointing out several social evils which were inherent in the Jury and could not be remedied. These alone were sufficient to cause the abolition of the jury. Van Tassel, first speaker for Rutgers endeavored to show how these could be remedied through intelligence tests and revised laws. Raymond Saulnier, as second speaker for Middlebury, pointed out the economic side of the question. The jurors, he maintained, were not experts in their occupation as triers of men and could not therefore be as efficient as trained men. Furthermore they were neglecting their own trade

(Continued on Page 6.)

nine will oppose the Norwich team at Porter Field in one of the games to decide the state championship. On Saturday afternoon, the St. Lawrence track team is to compete against Middlebury at the Porter field in the third meet between the two institutions. Last year, Middlebury met the visitors at Canton, N. Y., and were unusually well taken care of at the college. It is hoped that Middlebury will be able to reciprocate.

News will be published from time to time as the final arrangements are made by the various committees.

Members of German Club Discuss Works of Heine

The German Club held an interesting and well attended meeting last Friday evening in Pearson's Social Hall. The gathering devoted its attention to a consideration of the life and works of the well known writer, Heine. Miss Josephine Saunders '32 read a very informative paper reviewing the recently published book entitled "That Man Heine", after which several poems by the famous writer, that have been set to music by Schuman, were sung. Miss Annie Fuller '30 also sang "The Lotusbloomer" a poem of Heine's which is very well known. Another interesting feature of the evening was the singing of German pieces by the entire membership of the club. The program was closed with a discussion by Prof. Skillings in which he treated several poems that illustrate the genius of Heine.

Pi Beta Phi Informal.

Fifteen couples enjoyed a small informal dance given at the Pi Beta Phi rooms Saturday evening, March 2. The chaperones were Professor and Mrs. P. C. Perkins, and Professor and Mrs. John G. Bowker.

The Chicago gangster's cry: "Don't shoot until you can see the back of his neck!"

"I can't get into my shoes."

"What? Swelled feet, too?"—Selected.

DEAN'S LIST HONOR GIVEN THIRTY-FIVE

Thirty-five members of the two lower classes have been placed on the Dean's lists for the present semester and will have the privilege of voluntary attendance until June.

The sophomore women who have fulfilled the requirements of the list are: Ruth Barnard, Virginia Cole, Edna Cottle, Harriet Elliot, Dorothy Johnson, Ellen Kellogg, Ruth Morrison, Elizabeth Moyle, Jilda Pacheco, Lucy Saunders, Eveline Vinton, Linnea Wall, Marguerite Wellman. Freshmen women are Nina Barber, Evelyn Benjamin, Mary Birrell, Louise Brayton, Evelyn Clement, Anna Coleman, Ella Congdon, Jean Coulter, Lucile Dickson, Elizabeth Lee, Marian Singiser, Elsa Smith, Ruth Stebbins, Elsie Waterman, Winifred Webster.

The Dean's List for men comprises Clarence A. Hazen, Richard G. Kelley, Lloyd C. Mann and Newman W. Weeks of the Class of 1931; George H. Chase, Reamer Kline, Robert L. Miller and Charles E. Thrasher of the class of '32.

A maximum of twenty per cent of the Sophomore class and of the Freshman class (men and women considered separately) who have attained during any semester an average of 85 per cent in all their courses and who have had no grade below 80 per cent may be placed on this list for the succeeding semester. Those who attain a place on

the Dean's List have the privilege of voluntary attendance at all classes during the specified semester.

Generating Brain Power

BRAIN power, not horsepower, is the chief operating requirement of the electrical industry.

This requirement must be continuously anticipated to provide leaders for the future. Accordingly, each year, more than 400 picked college graduates come to the General Electric Company for a post-graduate course in electrical science.

With a faculty including inventors and engineers of international distinction, something more than electrical knowledge is imparted to these young men. Here they also find inspiration which prepares them for leadership in this electrical age.

You will see this monogram on the powerful motors of an electric locomotive and on the convenience outlet where you plug in a floor lamp—always and everywhere it is a safe guide to electrical quality and dependability.

GENERAL ELECTRIC
GENERAL ELECTRIC COMPANY, SCHENECTADY, NEW YORK

95-637DH

A. S. P. INTRAMURAL BASKETBALL CHAMPS

K. D. R. Finished Second; Victors Win Every Game.

Alpha Sigma Phi won the Intramural Basketball Tournament without having lost a single game of its schedule. Kappa Delta Rho was right behind the leaders having lost but one game, and Delta Kappa Epsilon, the winner of last year's tourney finished third. The Alpha Sig's superiority was very evident throughout the season. In only one game of their entire schedule were they forced to extend themselves and that was when they defeated K. D. R. by a single point. Both the winners and runner-ups owed their success to their freshmen stars. K. D. R. would have virtually been lost without Embler and Belfanti, and although the Alpha Sig's finished the season without Ashdown, they could have never defeated the runner-ups in that epochal game if he had not played.

Neutrals, 19; B. K., 17.

The Neutrals continued their streak of success by defeating Beta Kappa by a score of 19-17. The non-fraternity men got the jump on their opponents at the very outset of the game and at half time they led by a score of 13-5. During the second half the Beta Kappas recuperated and crept within a single goal of their opponents score but they were unable to push hard enough to earn a victory. Giles Chase '32 led the Neutrals efforts with 15 points, and Kelley '31 was high scorer of the Beta Kappas with a trio of field goals.

K. D. R., 50; Chi Psi, 11.

Kappa Delta Rho soundly trounced Chi Psi 50-11 in a very one-sided game. The losers never had a chance and outside of putting in a few substitutes the winners showed no mercy. Embler was high-scorer of the game with 15 points.

D. K. E., 23; D. U., 14.

Delta Kappa Epsilon clinched third place when they defeated Delta Upsilon in a closely contested game. The first half which ended with the score tied at eight apiece was nip-and-tuck with neither team showing much advantage over the other. With the coming of the second stanza, however, D. U. cracked under the strain and the Dekes romped away to an easy win. Boisseau, '30, D. K. E. and Thiele, '32, D. U. tied for the high scoring honors with 8 points apiece.

A. S. P., 43; S. P. E., 28.

Alpha Sigma Phi won and ended the Annual Intramural Basketball Tournament by soundly trouncing Sigma Phi Epsilon to the tune of 43-28. At no time was the result in doubt and the only interest in the contest was manifested by the exhibition of a championship team in action. Although he was one of the losers, Livingston '31, S. P. E., romped off with the high scoring honors of the game with 16 points. Hardy starred for the Alpha Sigs with 14 markers.

Final Standing.

Middletown, Conn.—(IP)—“How do Wesleyan students behave themselves in the theater?”

One of the musicians of a local theater seized upon a pause in the rehearsal to mull over the question.

“Well, I am not giving them any breaks they don't deserve if I say that they are twice the gentlemen their fathers were twenty years ago, when fruit and eggs often spattered scenery and actors. Nowadays students are more likely to egg on an act than egg it off. But there are times, of course, when their presence is—well, noticeable.

Syracuse, N. Y.—(IP)—The Syracuse Daily Orange quotes Professor A. M. Tozzer, eminent sociologist, as saying that, contrary to the common belief, college men are more superstitious than women.

MIDDLEBURY HOCKEY SEXTET

From left to right: Back row: Manager Brown, McLeod, Guarnaccia, Foote, Makela, Chappel, Captain Kelley, Brewer, Nelson, Gruggel, Crocker, Coach Clogston; Front Row: Gordon, Douglas, Jason, Melbye.

Blue Puck Chasers Close Successful Season With Fourth Consecutive State Championship

Although hampered by the lack of material and poor ice to start with, Middlebury again turned out a competent crew of puck-toters this past season. Captain Kelley led his men in the footsteps of previous Blue and White hockey teams and won the State Championship for the fourth time in a row.

Roy B. Clogston took over the coaching reins this year and after working long and hard turned out a combine that was not shut out in any game and was not scored on by any state opponent.

Coach Clogston was hampered at the start by the loss of “Ted” Huntington, who was taken to the hospital with pneumonia. McLeod was also out for a while, but the hockey mentor developed three stars from the freshman class and has built up a team which should go great guns next year.

The season opened with the Hamilton and Amherst games being cancelled because of lack of ice. Brown was met at Providence and after a hard struggle which was marked by Foote's sensational impromptu goal tending, the Bears won out 7 to 3.

Norwich came to Middlebury for the first of the State Championship series and was sent home with a 3 to 0 defeat as a souvenir. The next game was also with Norwich, this time being played on the Northfield surface. Once more Middlebury was victorious, but managed to make the score higher, winning 5 to 0.

The Panther next met Clarkson on the Potsdam rink. Clarkson has one of the best college hockey teams of the country this year and won by a 13 to 1 score. The game was much closer

than the score indicates however, as the fact that the contest was played at night under artificial light was a great handicap to Douglas in the Middlebury net.

St. Lawrence was defeated the next day by a 2 to 0 score and then the team returned home to rest up for the remaining games. After a rest, the Panther invaded Burlington and in a fast game, succeeded in defeating the University of Vermont 1 to 0. St. Stephen's was the next opponent and was turned into another victim on the home ice by a 2 to 0 score. The score would have been higher if soft ice had not hampered the Blue and White forward line.

Coach Clogston led his men to Princeton to accost the Tiger in his own lair. The boys suffered from stage-fright in the first period and the Princeton team, conquerors of Clarkson, scored 4 goals. The remainder of the game was very close and hard fought. The Panther crew played brilliantly and held the Orange to a 3 to 2 score for the remainder of the contest, making the final score 7 to 2 in favor of Princeton.

Williams was conquered on the Purple's rink after an overtime battle. Captain Kelley led his men in great fashion in this game and the Panther was on the long end of a 3 to 2 count at the end.

Captain Kelley wrote finis to his collegiate hockey career on February 23 by leading the Middlebury puck team in its last game of the season, at which time Vermont was swamped by a 5 to 0 count. Douglas also played his last game and was brilliant throughout. This game enabled the Blue and White

to amass the fine record of seven wins and only three defeats.

Captain Kelley and goalie Douglas are the only regulars on the team who will be lost by graduation but Gruggel, a first string substitute will also leave as will Jason. They will be missed, but for all that, prospects for next season are unusually bright. Coach Clogston unearthed three freshmen who have turned out to be stars. Nelson played a bang up game at defense from the very moment he entered on the scene. Makela and Melbye have developed into very capable wingmen. Makela is one of the finest shots on the team, while Melbye is a classy poke checker and stick handler.

Foote played regular defense all year and showed up well. George has greatly improved since last year and opposing teams found him a hard man to get through. This capable defense man can also do some attacking and on more than one occasion made dangerous sorties on the opponent's goal.

Crocker played wing all season in great style and should be one of the mainstays of next year's team. “Walt” is an aggressive type of player and is on the go all the time. Other men who will be back next year are: McLeod, Brewer, Guarnaccia, Gordon, Chappel, and Goering.

Coach Clogston deserves much credit for his work with the team. His material did not look so good at the beginning of the year with only the center and goalie as veterans, but undismayed, he went about his work and although lack of ice and the loss of Huntington did not help matters, he kept on and turned out a team that is worthy of Middlebury hockey tradition.

Champ Quintet Defeats St. Michaels in Last Contest

(Continued from page 1)

a bit of scoring as has been seen on Vermont courts. Though this spurge on the part of Johnson, Middlebury tied up the score at 23 all. The crowd roared as the Panther forward scored five straight baskets in his successful attempt to knot the count. “Johnnie” broke the tie with a gift shot and then sent the Blue team further into the lead with another nifty heave from the side.

The Purple collected a free try and then Shea who had come back into the game tied the score with a long shot. Casey cut in fast to sink a double decker, but Connally evened matters up with a long shot. Johnson's scintillating game came to an end via the personal foul route and Sorensen returned to the fray in his place. Casey again sank a basket only to have Connally even things up once more. Spooner added a basket and then was forced out of the game on personals, Willis replacing him. St. Michael's knotted the score with a basket by Cashman and the game ended its regular time allowance with the score 32 to 32.

Middlebury Wins.

With Johnson and Spooner in the showers at the beginning of the overtime period, things looked bright for the Michaelmen, but they could not cope with the strong Panther team now that it had got going. Slattery drop-

ped in a one handed shot which looked big until “Bo” Willis made up his mind to even things up and did so with a pretty shot. Casey then came through with the winning basket, a beautiful side court shot. Connally added a foul, but there was no further scoring as the game ended a few seconds later with Middlebury enjoying the fruits of a hard earned victory.

Johnson was the outstanding player of the contest and led the scorers with 17 points as a result of 8 baskets and a gift shot. Few will ever forget this flashy forward's scoring spree in the second half. Humeston was given a real battle by Connally, who played one of the best games of his career. Casey had one of his most effective nights and broke up numerous Purple scoring threats in addition to caging three baskets.

Spooner played his last game in a Middlebury basketball uniform and wrote finis to his career in great style. As a leader, “Forrie” has been inspiring, and as a guard, he has few equals in this state. The Mikemen soon learned that size does not always mean everything from the playing of Bullukian. “Smooch” played great basketball and showed that he is of championship calibre.

Connally was the outstanding player on the St. Michael's team. Slattery played in his usual brilliant manner, scoring 11 points for Coach Murphy's Purple warriors.

The lineups:

CAGE TEAM HAS ONE OF MOST SUCCESSFUL SEASONS IN HISTORY

Record of 13 Wins and 3 Losses Makes it One of Best in N. E.

The 1928-29 edition of Middlebury's basketball history has been released and shows that the Blue and White has had one of its most successful seasons if not the most successful in this popular sport. By winning 13 games and losing only 3, the Panther five takes its place among the outstanding teams in New England as well as being Vermont State Champions.

Prospects looked bright at the beginning of the season as Coach Ben H. Beck had an entire veteran crew back in the harness, but the results have exceeded even the most cherished hopes. Using an entirely new system of play, the Middlebury cage five defeated such teams as Dartmouth, Brown and Vermont who have had imposing records.

Army, Harvard and Springfield were the only teams to defeat the Blue all season and all of these games were hard fought. There is little doubt but what Harvard could be beaten if played later in the season as the Panther crew improved with each game and completely outplayed Dartmouth and the “Big Green” had little trouble with Harvard.

The Army game was close throughout and the Blue only lost by a small margin in this the second game of the year. Springfield trotted forth another great team which will probably be classed as the New England Champions, but the Panther was subdued by this classy outfit only after a hard fight.

Vermont was ousted from the State Championship as the Middlebury five ran up an unbroken string of six straight victories in this tourney. St. Michael's gave the Blue a hard tussle in the last game of the season, but lost out in an overtime period.

The team played four games on the annual Christmas vacation trip, winning three and losing one. R. P. I. was defeated 41 to 22 in the first game and then the Army took the Blue's measure 30 to 22. Haverford and Upsala then met defeat at the hands of the Panther, the former by a 39 to 24 count and the latter by the close score of 33 to 32.

Returning to Middlebury after the holidays, the local five played its first home game and succeeded in defeating Lowell Textile to the tune of 29 to 23.

The boys then went on a two day trip to Boston and Providence. Harvard squeezed out a 41 to 31 victory at Cambridge gym, but the Brown Bear was thoroughly whipped 34 to 18.

The following three games were with state rivals and all resulted in victories for the Blue and White. St. Michael's invaded the local court and were decisively trounced 39 to 17. Norwich was the next victim and succumbed on the Rutland surface by a 38 to 23 count. The Panther crew then invaded the Catamount's lair and came back with a 19 to 15 victory, the first Middlebury win on Vermont's own floor in nine years.

Springfield invaded the local court and defeated the Blue 33 to 22. This game was almost a duplicate of last year's contest as Middlebury led at half time 17 to 16 and then the Red and White forged ahead to victory by 11 points. Last year, the Panther was ahead 16 to 15 at half time, only to lose out 37 to 25.

Following this defeat at the hands of a great Springfield team, the Panther finished the rest of the season unbeaten, chalking up five straight victories. Norwich was beaten 33 to 30 in a rough game on the Cadets' surface. Dartmouth then succumbed 28 to 23. This victory was perhaps the biggest feather in the Blue's cap that was obtained all season. Dartmouth of course has a more famous quintet and this defeat at the hands of Middlebury went a long way towards establishing the Blue as one of the best teams in New England.

Albany Law was no match for the fast traveling local team and was defeated in a one-sided game on the home floor 42 to 25. Vermont played its return game with Captain Spooner's

(Continued on page 5)

ALL STATE SEXTET CHOSEN BY CAMPUS

In picking an All Vermont State hockey team the CAMPUS has carefully looked over the sextet of Norwich, Vermont and Middlebury. Middlebury dominated the hockey rinks of the state so thoroughly that the Blue and White team might be selected as the best available combination. As far as this paper could determine, Mercier, the flashy Vermont wingman, was the only player of sufficient ability outside of Middlebury, to make the team.

Without trying to appear partisan, the CAMPUS has picked the following team:

Player	College	Position
Douglas	Middlebury	Goal
Footie	Middlebury	L.D.
Nelson	Middlebury	R.D.
Mercier	Vermont	L.W.
Kelley	Middlebury	C.
Makela	Middlebury	R.W.
Crocker	Middlebury	Spare

Cage Team Has Most Successful Season in History

(Continued from page 4)

crew on the Middlebury court and was defeated 48 to 31. This is one of the most decisive defeats ever inflicted on the Green and Gold by a Blue and White team. The Panthers ended their season by defeating St. Michael's 36 to 35 in one of the most exciting games of the year. The score was deadlocked at the end of the regulation 40 minutes and five minutes overtime was needed to decide the issue.

Coach Beck turned out a wonderful team in his first year at the helm of Middlebury basketball. His five men zone defense was used all season with great success. This defense was the deciding factor in the victory over Dartmouth as the "Big Green" did not know how to cope with it and was never able to get in close for sure shots.

Captain Spooner and Sorensen will be the only regulars to be lost by graduation while Willis and Maynard will be graduated from the ranks of first string substitutes. However, Humeston, Casey, Johnson, Bullukian, Ashdown, Franzoni and probably some recruits from this year's freshman class will be on hand to give Middlebury a strong squad to pick from again next year.

Captain Spooner was an inspiring leader all through the season. His playing was consistent and at times exceedingly brilliant. The Vermont game at Burlington showed "Forrie" to be one of the outstanding guards in the state and his subsequent playing made this fact more apparent.

Middlebury was extremely well fortified at the regular guard berths with both Spooner and Casey playing great games. Spooner's running mate was one of the big factors in the Blue machine. Without a doubt, Casey is probably the best passer on the team and his lightning-like heaves have played a big part in the sound passing game of the Panther quintet. In addition, Casey has scored in practically every game. His ability to come through with baskets at opportune moments was brought out in the St. Michael's game when his toss gave Middlebury the winning points.

Johnson and Sorensen filled the forward positions in great style. For the second year in succession, Johnson has scored more points than any other player on the team. His scoring streak in the game with the Michaelmen was about as pretty an exhibition as we have ever seen. Sorensen played great ball at the start of the season, but he appeared to be trained down too fine towards the last and his scoring prowess fell off somewhat. The St. Mike's game ended "Swede's" career as a member of Middlebury basketball quintets and brought to a close the last chapter in the history of one of the best forwards who ever wore the Blue and White.

Few teams have been able to get the jump from Humeston at any time this season. As a center, Humeston stands out as the cream of the state. Defensively, the Blue pivot man is adept and his ability to get the ball off the opponent's backboard makes him invaluable. Offensively, "Dick" is the second high scorer on the team and that tells the whole story.

Bullukian played in a majority of the games this season and proved himself to be fast and an extremely able floorman. "Smooch" is probably the best set shot artist on the squad and al-

COACH CLOGSTON PICKS "ALL OPPONENT" SEXTET

At the request of the CAMPUS Coach Clogston has picked the following as an "All Opponent" team made up entirely of men who played against Middlebury during the season just past. This "All Opponent" sextet is an extremely strong one and is made up of men outstanding in their positions. The team follows:

Player	College	Position
Ingersol	Princeton	Goal
Dion	Clarkson	L. D.
Howe	Williams	R. D.
Burke	Clarkson	L. W.
Williams	Clarkson	C.
Jones	Princeton	R. W.

though he is small in stature, this nimble forward can cover more ground and cause opponents more trouble than many men twice his size. Coach Beck will find Bullukian valuable next season.

Willis and Maynard got into many games and played good ball. Both of these first string substitutes will be lost by graduation.

Coach Beck has laid a firm foundation and Middlebury basketball teams of the next few years should prove themselves to be worthy successors to this champion 1928-29 crew which was led by Captain Spooner to 13 wins out of 16 games.

W. S. Y.

Kilbride—Moore.

Miss Marie Eleanor Moore and Lawrence F. Kilbride, both of Waterbury, Conn., were married January 28, 1929, at St. Peter and Paul's church in Waterbury. The ceremony was performed by Rev. James T. Kilbride, brother of the groom, assisted by Rev. James L. Travis, cousin of the bride. Mrs. Kilbride who was until recently an instructor in the kindergarten at Washington school is a graduate of New Britain Normal School in the class of 1924. She is at present an instructor at the South school in Wolcott, Conn. Mr. Kilbride is a graduate of Middlebury College in the class of 1925, a member of the Delta Kappa Epsilon fraternity and is at present associated with the claim department of the Waterbury office of the Travelers Insurance Co.

Count von Luckner, War Hero to Speak March 20

Middlebury Team Wins Annual U. V. M. Debate

(Continued from page 1)

They were two-fold. The jury was needed as a protection against the Judge, newspapers and politics, and the jury was so imbedded in English and American democracy that it could not be given up without losing that democracy. He then went on to show how the jury was fundamentally sound, in that it represented a cross section of American life, and that its abolishment would mean the abolishment of popular government.

Raymond Saulnier took up the question on economic grounds. The juror lost money in two ways, first his business lacked his immediate attention, and second he was not productively employed as a juror. Society also lost the fruits of his labor, when he was not employed where he was the most efficient. A third loss came in during the impanelling of the jury and during the trial. Training and experience, as well as inclination, are necessary in order to be the most productive. The juror, as a juror, has none of these.

Louis Lisman, second speaker for Vermont, brought forth the idea that the jury was fundamentally sound, efficient and meritorious. The so-called evils were not inherent and could be remedied. The blame is to be laid on the law and its manifestations, not on the jury.

Reamer Kline recommended that a bench of judges be substituted for the jury. He pointed out how it would remedy the defects of the jury and still render a better form of justice. He would have experts do experts jobs.

Franklin Sears, Vermont's last speaker, took up this later proposition with the contention that nothing could be devised to supplant the jury system in America. The judges, he contended, would become case-hardened, they would be under the influence of political bosses or the press, and so made incapable of giving out true decisions. He closed with an impassioned plea that the jury be modified rather than discarded, or we would find ourselves in a worse state than at the present.

The debate was closed with a five minute rebuttal by Pattee, Middlebury's first speaker. His main point was: that, since we put the making of laws into the hands of representatives of the people, why not do the same with their enforcement? We can hardly say that judges as a whole are corrupt, unless we draw the same conclusions on other public officers. If we condemn the judge we condemn the foundations of democracy and our government is a failure.

Tickets for the lecture will be on sale and reservations may be had at Cushman's store in the near future.

EDITOR'S NOTE.

The intramural basketball tournament standings as printed on page four have been changed slightly due to two postponed games being played yesterday, which complete the series. The new averages are as follows:

	Won	Lost	P.C.
A. S. P.	9	0	1.000
K. D. R.	7	1	.875
D. K. E.	5	3	.625

FIRE ALARM SYSTEM COVERING COLLEGE BUILDINGS ADOPTED

Volunteer Department of Twelve Men Chosen.

The organization of the college fire department has been completed, a system of alarms covering all campus buildings having been arranged for and a student fire department of twelve men having been chosen.

The numbers of the various alarms are as follows:

- 12 Hepburn Hall.
- 13 Mead Chapel.
- 14 Hillcrest Cottage.
- 15 Battell Cottage.
- 16 Pearsons Hall.
- 21 Recitation Hall.
- 22 Chateau.
- 23 Music Studio.
- 24 Hillside Cottage.
- 25 Chemistry Building.
- 31 Warner Science Building
- 32 Painter Hall.
- 33 Old Chapel
- 34 Starr Hall
- 41 McCullough Gymnasium.
- 42 Starr Library.
- 43 Hamlin Hall.

One long blast will mean a fire on property adjacent to the campus. Only those buildings on the campus will be served by the college department on first alarm. Occupants of other college buildings should call the town department.

Signals will be sounded on the siren at the power house, and will be blown in the following manner: Box 21, 1-1-1. The space between the first and second digits will be approximately three seconds, and the space between rounds five seconds.

Attention is called to the following directions:

I. In case of fire, call the heating plant (339-3) or the College Fire Department, giving your name and the location of the fire. No alarm will be accepted unless your name is given.

II. When the alarm is sounded, take the small chemicals in your building to the scene of the fire. Members of the college department will take care of the big chemical.

III. Students should obey implicitly any orders given by members of the college department, as they have received instructions on how to proceed.

The student members of the department are D. F. Howe and Robert Mark of the class of 1929; Elbert H. Henry and Thomas Sun, '30; Kenneth Simpson, '31; George M. Belfanti, Edward W. Doty, Lester W. Eaton, Myron S. Embler Jr., Thomas D. Miner, Edward S. Pike and Ralph I. Williams of the class of '32.

WALTER, BOSWORTH WIN FELLOWSHIPS

(Continued from page 1)

Mr. Bosworth is president of English Club and has been literary and art contributor to several college publications notably the "Saxonian" in whose short story contest last year he received first prize. He is a member of Wig and Pen and was chairman of the Junior Play committee last year. He was also given the first of the Chas. M. Swift awards in Playwriting. He is a member of Delta Kappa Epsilon fraternity.

Although neither has made final plans, it is expected that Miss Walter will continue her studies in Paris at the Sorbonne, and Mr. Bosworth in England at Cambridge University.

Sixty-three Year Old Flapper Disapproves Women Smoking

Lincoln, Nebr.—(IP and Daily Nebraskan)—Edna Wallace Hopper, sixty-three year old flapper actress, is strong for the younger generation, but she does not like to see women smoke.

Interviewed in her room between performances, Miss Hopper gave her opinions on the problems of modern youth.

"Aside from the moral standpoint, which I do not preach, and aside from the health standpoint, which I do not preach, I think that women should give up smoking because it detracts

Varsity Orators Break Even on New York Trip

(Continued from page 3)

and were thus causing a double loss to society as well as to themselves. The second Rutgers man failed to touch on this at all except to mention that the statistics given were all exceptions to the rule rather than the rule. Pattee as the third speaker for the affirmative summed up the two preceding speeches and offered a bench of Judges as a substitute for the uneconomical and unreliable jury. He attempted to show how this could have none of the social evils of the jury, could be more economical and, since it would not be shown that they would render a type of justice inferior to the jury, it was to be preferred. The third speaker for Rutgers closed the constructive argument with a plea to the people for democracy. The foundations of our government would be undermined if the jury was abolished and a government by the few would be its substitute. He painted a black picture of the future if it was to be without that "safeguard of democracy, The American Jury". This was successfully countered by Pattee in his rebuttal in which he showed that contrary to the third speaker's contention it was the trained mind and not the amateur who was the backbone of all democracies. The judges rendered an unanimous decision in favor of Middlebury.

Upsala, the opponents Friday night, surprised Middlebury by producing a girl on their team. Without any doubt she was the best speaker the Middlebury orators were up against during the entire trip. The arguments for the two sides were essentially the same as in the second debate with the one exception that Upsala dragged in several technicalities which complicated the debate a little. These added to the confusion of their fine spun argument and diverted the debate considerably from its original purpose much to the disadvantage of Middlebury. Too much time was taken attempting to cope with the technicalities and the Blue and White failed to establish their case. Upsala won by unanimous decision. The Middlebury team consisted of Amerman, Saulnier and Pattee.

Monday evening Middlebury met The University of New York in the Friends Seminary in New York City. The technicalities of the former debate were disposed of in a few words and then forgotten. The affirmative introduced one more point in their issues which was the dissuading of the jury system and the evils which were connected with it rather than the jury alone or the twelve men in the box. The negative argument was well rounded, substantiated with innumerable statistics and especially good delivery. After the debate an open forum was held in which the audience asked the two teams questions about the jury. William T. Hade, Middlebury '25 was sole judge of the debate and rendered his decision in favor of New York University. Mr. Hade commented on the various aspects of the debate and the speakers and closed the meeting with the statement that the Middlebury team was the best he had heard in several years and that the debate itself was one of the most carefully worked out and delivered arguments it had been his pleasure to witness. Lawson, Saulnier and Pattee represented Middlebury.

Sigma Phi Epsilon Informal.

Twenty two couples enjoyed an informal dance held at the Sigma Phi Epsilon House Saturday evening. Professor and Mrs. C. H. Griffin, and Coach and Mrs. B. H. Beck were the chaperones.

from their charm, beauty and personality," she declared.

"Holding a cigarette in her mouth ruins any woman's expression," she continued. "If for no other reason than that she should give it up. Women should just be too vain to risk any part of their beauty. A woman needs every bit she has—and if she doesn't need more she's lucky."

If women were not allowed to smoke in public they would stop, in the opinion of the well-known beauty, who believes that they do it to show off in the first place, it finally becoming a habit.

"It's a pity that women have to start everything that men do," she added.

MIDDLEBURY MAN ONE OF LEADERS IN AIR PROGRESS

Scientific American Tells of Career of "Casey" Jones '15.

One of the outstanding figures in the American aviation industry of today is Charles Sherman "Casey" Jones, a graduate of Middlebury in the class of 1915. In an article appearing in the Scientific American for March, 1929, entitled "Builders of the Aviation Industry," there is considerable space devoted to the record of Mr. Jones as one of the pioneers in the country's airplane development. From the facts set forth in this article, it is plain that "Casey" Jones' many achievements as one of the leaders of his profession entitle him to consideration as one of the most successful of Middlebury graduates of recent years.

Mr. Jones was born in Castleton, Vt., in 1894, attended Rutland High school, and entered Middlebury in 1911. His undergraduate career was distinctive for excellence and leadership in student activities. He was on class basketball teams for four years. He was a member of the varsity baseball team on which he was a star second baseman. He was also among the best track men of his time, being college record breaker in both the mile and the two mile runs. In neither of these events has his record yet been broken. And yet in spite of his attention to extra-curricular activities he was by far the best student in his class, and graduated with valedictory honors, in addition to being elected to Phi Beta Kappa.

"Casey" Jones' record in the aviation industry is no less spectacular. The Scientific American article calls him the best known commercial pilot in the country. He has the distinction of holding Transport License No. 13, one of the first of the pilot's permits issued. The honors that have come to him in his profession include the presidency of the well known Curtis Flying Service, and membership on the Technical Committee of the National Air Transport Company. He is also a director of the Curtis Airplane and Motor Company.

"Casey" made his first flight in 1911 in a plane owned by a high school classmate, according to the Scientific American. This was the start of his interest in flying. After he graduated from Middlebury he was an instructor of Physical Education in Montclair, N. J., Academy for two years, and then in June, 1917, he joined the Army Air Service. After a period of flying instruction that ended with his being made an officer, he went to the front with the 90th pursuit squadron. He soon was promoted to the position of officer in charge of training in the Third Aviation Instruction Center, where all the American aviators received their pursuit training. After the war he returned to this country and became affiliated with the Curtis interests, under which he organized the Curtis Exhibition Service, now the Curtis Flying Service. He is now one of Curtis' most famous test pilots.

Mr. Jones has competed in practically all the national air races since 1919, and has won innumerable trophies. He won second place in the New York-Toronto classic of 1919. In the American Legion Derby of 1921 he won first place. In the 1921 National Races he succeeded in capturing two firsts and one second. In the same competition in 1925 he won two firsts, and in 1926 a first and a second.

As an alumnus, Mr. Jones has always maintained an interest in his Alma Mater. He is a well known figure at commencements, and on one occasion, the commencement of 1926, although unable to spend any time in Middlebury, he visited the town by airplane, and circled low over the Congregational Church in which the exercises were being held. He also dropped from his plane greetings which were read by Pres. Moody at the commencement dinner. Mr. Jones has been one of the speakers appearing at Middlebury under the auspices of the Vocational Guidance Committee, and he quite naturally chose as his subject "Aviation as a Career."
